BUSINESS TO BE HALTED MONDAY TO OBSERVE INDEPENDENCE DAY

Charleroi to Celebrate Holiday Simply—No Formal Program Arranged

FIREWORKS TO BE DISPLAYED

Private Exhibits Ready for Firing—Eldora Park to be Scene of Gathering—Other Towns Arrange Elaborate Programs

Independence day will be observed in Charleroi Monday without any specially arranged program, save that offered by the Jones Carnival company which will open up a show here on that day. At Eldora park a special program will be carried out, and at nearby towns there will be a celebration. Fireworks displays will be featured in the evening where elaborate plans have been laid for the observance of the day. Still for that matter there will be private displays in Charleroi of some consequence.

Tomorrow—the Fourth—will be more or less observed in the churches of the town. In the afternoon there will be a concert given at the Bathing beach by the carnival band. Likewise at Eldora park there will be two band concerts tomorrow, one in the afternoon and one in the evening.

Business will be practically suspended Monday and the mail service will be halted after the first delivery.

One of the interesting events socially in the observance of Monday will be that of the second annual Alpha Phi Beta picnic at the Blythe farm on the Westside Electric Street Railway line. The entire day will be spent there by the fraternity men and their guests and a fireworks display will be given in the evening.

At Ellsworth there will be a Fourth celebration of some consequence, and Bentleyville will also observe the day with a special program. The nearest observance however will be those at Bell Vernon and Monessen.

Previously announcement had been made of a program to be carried out at the playgrounds and bathing beach on Monday. The Child Welfare Circle which had charge of the program has postponed the observance until July 14.

BELLE VERNON PLANS FOR BIG CELEBRATION

Parade and Various Kinds of Races Will Feature Monday at Town Across the River—Firemen Looking After Details of Event.

Belle Vernon will be the scene of a big Independence Day celebration on next Monday under the auspices of the Belle Vernon Firemen. As advertised there will be "something doing all day." Among other events there will be horse racing at the race track back of Belle Vernon that will bring together some of the race fans all along the Monongahela valley.

Among the other events of Monday will be a parade, four ball games—two in the morning and two in the afternoon—a tug of war, a water battle and all kinds of service races arranged by the firemen.

NEWTOWN MINES RESUME WORK THIS WEEK AFTER SHUT-DOWN

Better Times Are Imminent Throughout the Valley—Merchants Say Business is Again Flourishing.

Fifty ovens of the H. C. Frick Coke company of Newtown, near Brownsville which have been closed down for more than a year, were placed in blast this week and Superintendent W. C. Hood expects to receive orders to run full capacity at the plant within a month. The plant has been repaired during the suspension of the works and is today one of the best equipped in this vicinity and the grade of coke is of the first class.

Plans are also being made and improvements are under way to begin operations at the Champion mines, which are situated on the outskirts of Brownsville. This mine has been idle for nearly two years and as a consequence contains much water besides which many falls have occurred since the shutdown.

DIAMOND WELL CONTAMINATED

Another Added to the Lists Of Typhoid Sufferers In Brownsville

INFECTED WELL TO BE CLOSED

Friday another patient was added to the list of those suffering from typhoid fever in Brownsville and vicinity. A few days ago a health officer ventured the remark that the deadly germ had originated and propagated in a well belonging to the Diamond mine, one used a great deal by the miners and their families. Accordingly, the health officer procured a sample of the water and dispatched it to the health authorities in Philadelphia for an analysis. Friday a report of the analysis came back heralding the fact that the water was contaminated with the typhoid fever germ.

After this momentous discovery the authorities have issued many precautions and the residents of the sections concerned are paying strict heed to instructions. The well examined and other wells in close proximity will be closed to the public until they have been thoroughly scoured of the germ and the present cases are through with.

Card Of Thanks

We wish to express our sincere thanks to our friends for the acts of kindness and for their sympathy during the sickness and death of our daughter and sister, Josephine and especially do we thank the P. H. C. and the pastor for services rendered.

BICHLORIDE OF MERCURY POISONING CAUSES DEATH OF 17-YEAR-OLD JOSEPHINE HENRY

Miss Josephine Henry, the 17 year old daughter of Mrs. Henry Briggs of Roscoe, died at the City hospital in Washington Friday. For nearly ten days Miss Henry had been hovering between life and death, harboring the thought that recovery was impossible.

About ten days ago the girl had become discouraged when she was unable to swallow a single dose of medicine. Directly after taking the poison she rallied some but never during the ten days of her existence after taking the deadly poison did she once manifest a desire to live. The body was shipped to the home of her sister, Mrs. Arthony, of this place, where funeral services were held today. Ministerial rites were in charge of Rev. John Lyon, of St. Mary's Episcopal church. Interment was in the Charleroi cemetery at 2 o'clock this afternoon.

Political Advertising.

CHARLES MILLER IS A CANDIDATE FOR THE OFFICE OF COUNTY SHERIFF

Charles Miller.

Charles Miller, a respected and influential resident of Beallsville, today announces his candidacy for the office of Sheriff, of Washington County. He has been an active, influential worker for the principles of the Republican Party, has rendered effective services for many of its candidates in recent years, and has always believed in and counseled clean politics.

Mr. Miller says: "I promise the people of Washington County that, if nominated and elected, I will devote my time to the affairs of the office with a view of giving to the people an honest, efficient administration, and will treat with courtesy and consideration all persons having business with the office regardless of their party, faction, politics or condition in life."

MEMBERS OF YOUNGER SET ENJOY OUTING AT THE PARK

One of the most enjoyable events of the season was that Thursday evening of the picnic of certain of the younger set at Eldora park. The diversion was dancing. Miss Grace Chester was hostess. Mrs. Lloyd Wagner was the chaperon.

NEW LOCK TO BE COMPLETED SOON; COAL BUSINESS GOOD

BIG MAN FIRES BIG GUN; LITTLE MAN LOADS; BENTLEYVILLE SLEEPS

Streets of Peaceful Town of Pigeon Creek Valley Resound With Noise Of Artillery.

While the clocks of the community announced 2 o'clock this morning, the peaceful residents of Bentleyville were brought from their slumbers by a rapid crash of fire-arms, fired from the front steps of the Farmers' & Miners' bank building. For an instant the awakened citizens thought that the Germans or some other warlike nation had swept down upon them, for several dozen volleys were fired. It is stated that a tall man wearing a straw hat madly discharged huge automatic pistols, while a small man in black reloaded. No one ventured out for fear of being nipped with a well-aimed bullet and so the identity of the pair is not known. This morning several dozens of empty cartridges were found at the spot of firing but as yet no victim of the light artillery display has been found.

LOCAL HIKERS COMPLETE TRIP

Charles A. Mead of Charleroi and Harold Ruse of Monessen Walk Far

AVERAGE 45 MILES A DAY

Charles A. Mead son of Rev. and Mrs. W. G. Mead of Crest avenue and Harold T. Ruse of Monessen, have just concluded a record "hike" from Charleroi to Chautauqua, N. Y. The trans-state hikers left Charleroi on Wednesday, June 16 at day light, headed toward Pittsburgh. The first day's walk covered 30 miles to Duquesne. From there they struck across the country to the Allegheny river which they followed to Franklin. Then they turned northwest up French creek to Meadville where the Allegheny college centennial was being held.

Three days were spent in and around Meadville with friends and then Mead and Ruse went directly north to Erie. Another day was spent at Erie visiting relatives of Mead and enjoying opportunities of lake bathing.

From Erie the course of the local young men was laid along the lake shore to Westfield, N. Y. and then south to Lake Chautauqua, where they will spend the summer by engaging in newspaper work.

Only seven days were consumed in actual walking, making an average of 45 5/7 miles a day. This is considered good time for amateur walkers and at this rate records may be expected to be broken. Already the local pedestrians have broken one Chautauqua county record by walking a round Chautauqua lake a distance of 44 miles in nine hours and 58 minutes.

Mead and Ruse went well prepared for their walk to Chautauqua, being equipped with army suits, company kits and other paraphernalia. For the first five days they found it pleasant to camp along the Allegheny river, but around Lake Erie they found it necessary on account of the cold to seek the haymows of friendly farmers. The trip was not only a physical benefit to the young men but it also proved education.

Reports of Government People at No. 4 Indicate Progress of Work

MACHINERY BEING INSTALLED

Much Up-to-Date Equipment to be Placed at Power House—Coal Report Shows Shipments During June Totaled 15,014,000 Bushels.

A report from the government officials at Lock No. 4 shows that the locking business was good for the month of June. It is also stated that work on the new lock is progressing well. J. R. Myers is in charge of the work and the men, while Charles Ashcraft is at the head of the engineering corps.

It is stated that the lock will be finished completely in the latter part of July or the former part of August. The new power house an affair of much up-to-date equipment, is completed and the installation of machinery has been commenced. The companies selling the machinery have sent their representatives to be in charge of the installation of the power-house machinery.

Next week the coffer-dam will be torn out and the full strength of the water placed upon the newly constructed lock. When the new lockage system has been installed, completely, a great deal of the present inconvenience in locking through craft will be removed. Where hand power is required, machines will do the work.

In his report Lockmaster Paxton shows that the lockage business for June was good. The report follows: Downstream, 559 lockages, 282 steamboats, 1,137 loaded crafts, 15,014,000 bushels of coal. Upstream 583 lockages, 387 steamboats, 1,169 empty craft, 147,000 bushels of gravel and 66,000 bushels of sand.

SAFETY AND SANITY.

Safety and sanity is demanded in the celebration Monday of the Fourth of July. It is a happy thought that the efforts throughout the country to make the celebration safe and sane are bearing fruit more and more year by year. This year should be the best yet.

Beginning with the creation of public sentiment against the useless slaughter caused by the indiscriminate and careless handling of dangerous explosives that are usually prohibited the balance of the year and supplemented by wise legislation in many of the states, the fatal accidents this year should be diminished fully one-half.

Monday's celebration should be made an occasion for congratulation and it can be made so by the exercise of a little common sense in the observance of the day. The saving by the prevention of the careless and reckless use of explosives not only applies to life but to property also. With the elimination of accidents and property losses, the celebration of the Fourth will carry with it no regrets the day after. When it is devoted to pleasure and recreation the observance of a most enjoyable occasion and the conservation effected by a safe and sane Fourth will be a big step in advance by the American people.

JUDGE M'ILVAINE GIVES OPINION ON MATTER OF LAND APPROPRIATION

In an opinion handed down by the court written by Judge J. A. McIlvaine in the matter of the appropriation of land by the school district of Fallowfield township for school purposes the court overrules the exceptions taken to the report of the viewers. The exceptions, however, are allowed their appeal, which has filed pending the determination of these exceptions.

Interested in the land taken were different parties, there being two tracts appropriated. The heirs of William Rogers owned one piece and Hannah Cooper the other. No exceptions were filed as to the Cooper appropriation or appeal, taken. Consequently a severance is granted, so that the appeal of the Rogers heirs is in their own behalf.

They will become plaintiffs in the action and the school district of the township of Fallowfield defendant. As to the Cooper appropriation the report of the viewers is confirmed absolutely and the amount awarded becomes a valid debt and obligation of the school district.

BONDRIES COMPANY RUSHING WORK ON NEW MIDLAND PLANT

The Pittsburgh Iron & Steel Foundries Company with plants located at Midland and Pittsburgh is rushing work on another add openhearth furnace of 25 tons capacity and putting in quite a few additions and improvements including new buildings and machinery. The plant has been operating at full capacity for some time past and the adamant and steel double turn.

The company draws its business from about two hundred mills and plants throughout the United States and Canada. It has some foreign business, but no war business and the recent increases in tonnage ordered indicate a general improvement in the iron and steel business throughout the country. The Midland plant is largely devoted to the manufacture of adamant products in place of steel and other materials in rolling mills.

Additional workmen were taken at the plant of the James McKay

Company, chain manufacturers, McKees Rocks, yesterday. The company will now operate a double turn at the plant. Over 100 men are now employed by the company.

COUNTY COMMISSIONERS EMPOWERED TO DECLARE THE CLASS OF TOWNSHIP

In an opinion handed down by the court Thursday afternoon, written by Judge J. A. McIlvaine in the matter of the incorporation of East Bethlehem township into a township of the first class the court finds that its duty in the matter is simply to see that a reliable enrollment of the township has been made and if so, to certify that fact, so that the enumeration or enrollment shall be certified to the county commissioners. The court finds that the duty of declaring the township a township of a first class is theirs and not the courts.

The report of Thomas Doyle, who was appointed a commissioner to make an enrollment of the township, as modified is confirmed by the court and it is directed that the same be spread upon the records of the court and that the clerk of courts certify to the county commissioners that the population of East Bethlehem township, as shown in the report of Mr. Doyle, is 3,718. The costs of the proceeding are put on the township.

Exceptions were filed to the proposed making of this township a township of a first class, but the court holds that they must be overruled because they are irrelevant to the question that was before the court.

The report of Doyle originally showed that the population of the township was 4,093. The testimony showed and the enrollment book, that since the enumeration was made and before the report was filed there were 375 additional inhabitants moved into the township, all of whom were employed by the Vesta Coal Co. The court holds that these names are not enrolled and are therefore not properly included in the report of the commissioner so that this number subtracted from 4,093, leaves the number of inhabitants as enrolled, 3,718. Mr. Doyle's report is therefore modified by making the number of inhabitants 3,718.

We are ready to accept newspapers. Do not deliver Saturday afternoon. Imperial Glass company. 13-14

FIELD OF STARTERS IN PRIMARY RACE LARGEST EVER KNOWN IN COUNTY

Close to 100 willing candidates for the various county offices began swarming over Washington county Friday circulating their nomination petitions. In the open primaries this fall an opportunity will be afforded to name candidates for commissioners, treasurer, clerk of courts, sheriff, coroner, district attorney, prothonotary, register of wills and poor directors. The field of starters in the race is the largest ever known in the history of politics in Washington county.

CARNIVAL FEATURES FOR NEXT WEEK ARE NUMEROUS

You won't have to hit up the hard rider to see snakes. or the biggest snake in captivity to be exact, for one week beginning Monday when the Johnny J. Jones Carnival and Exposition shows open here under the auspices of the Moose. With these shows is Prof. Davis' mammoth typhon of 32 feet length and weighing 347 pounds. There are many other strange and wonderful animal exhibits connected with the exposition shows. For instance there is Betty, the human alligator, having scales over her body just like your alligator travelling bag. In Dien's animal show there is Blue Bell, the hairless horse, blue in color and a cow which gives milk through its back. Prof. Kuntz has a troupe of 300 trained fleas that do all kinds of stunts. In Davis' wonder show there is Bobby, the sea lion boy, whose body is covered with seal skin instead of ordinary human skin. Austin's ten wonders in one shows Alma, the fat lady weighing 697 pounds, also Zada, 27 inches tall and weighing 28 pounds; Prof. George the midget Hercules, weighing 97 pounds and lifting 540

Adam, Dave and Her Lion Group With the Moose Mardi Next Week

with two hands and 250 with one hand; Prince Omar, the Australian swimming thrower; Ebony Sam, 7 feet 2 1/2 inches tall; Ali Zama, troupe of mentalists; and Prof. Sullivan, world's greatest glass artists. Johnny J. Jones always furnishes a good free program and this year the free acts include three concerts by Dr. Vitucci's Royal Italian band of 22 solo artists, Joe Oppice's Raz Time band and Austin's Caledonian band and a high dive and exhibition of Baby Sue, the trained elephant.

Other attractions are Kinsels' \$20,000 merry-go-round, latest and best design from Mangle and Co.; a 72 foot Ferris wheel, trip to Mars, where you see stars; McGary's \$20,000 crystal palace maze; Joe Oppice's Southern Minstrels; Ish-ka-Bibbie, a scream and other features.

ELLSWORTH AND COKEBURG TO CELEBRATE FOURTH OF JULY AT ELLSWORTH MONDAY

The twin coal towns of Ellsworth and Cokeburg will observe the Fourth of July. The usual full program will again be carried through beginning at 9 a. m. and lasting until 11 p. m. Athletics, baseball, basket picnic and "Home Talent Circus" will be the principal features. Refreshments have been provided upon the grounds. A grand display of fireworks will close the day.

The athletic events carry with them especially valuable prizes this year and are worth trying to secure.

CHARLEROI CHAUTAUQUA, JULY 27 TO AUGUST 2.

OUR CLASSIFIED COLUMN IS READ BY EVERYONE----TRY A WANT AD.

"All Cats look grey— at Night!"

"JUST Rubber and Canvas—pumped full of air!"
So thinks the Tire User who buys Pneumatics "Blind," without comparison after thorough investigation.
So thinks the Car Owner who buys from the Cut Price Dealer, the "just as good" Tire on which that Dealer quotes him the biggest discount off a Price List specially printed up for that purpose.

So thinks the Man whose Tire bill averages nearly half of his entire Season's running Expense, when it need not average one-fourth, if he would only "Work his head," and, once for all, learn the Tire Game.

THERE are Car Owners who regularly get 25% to 50% MORE Mileage, per Dollar invested in Tires, than do the Owners of other Cars driven with equal care, under equivalent road conditions.
The latter type of Owner is apt to conclude offhand (from his own experience) that all Tires must be Short-lived and Unsatisfactory.
Now this is to tell him that there is as much difference between the Mileage and Resiliency of different brands of Tires, when the facts are investigated, and proven through actual Service, as there is difference between the Color of Cats—when viewed by Daylight.

This is to inform him that three Rubber Factories using precisely the same quantity and quality of Materials might, and sometimes do, produce (through the difference in their Rubber EXPERIENCE and efficiency methods) Tires of such widely different Mileage-Rend as to coverage 3,000 Miles, 4,000 Miles, and 5,000 Miles respectively—under parallel road conditions.

COST of production is therefore no sure guide to the Mileage and Resiliency which can be put into such a subtle and "temperamental" product as the Rubber in a Pneumatic Tire.

And, though The B. F. Goodrich Co. can, and does, put the most Mileage per Dollar invested by the User, into Goodrich Safety-Tread Tires, they do not interpret this as a reason why they should charge a higher price, to include an Insurance Premium which would place their "Adjustment Basis" beyond the safe and reasonable minimum that Bad Roads and Careless Driving make necessary.

Because of its Manufacturing Advantages, its Precision Methods, and Waste-reducing Processes (resulting from its 45 years' EXPERIENCE in the working of Rubber), The B. F. Goodrich Co. can afford to and does, offer the greatest Mileage in Tires at the lowest price per Mile.
It sells the standard grade of Goodrich Safety Tires at 10% to 30% lower prices than other non-skid brands which "Guarantee" greater Mileage but cannot prove delivery of greater Mileage in actual use.

Why pay MORE for any Tire? THE B. F. GOODRICH CO. Akron, Ohio

GOODRICH SAFETY-TREAD TIRES

Only 5% Plus for this Best Non-Skid

PENNSYLVANIA STATE NORMAL SCHOOL
at Indiana, Pa.

A Training for Success in Life
The practical, thorough course at the famous Indiana, Pa. Normal equips the graduate to fill the better positions in teaching—and to advance rapidly to the very highest positions. An Indiana Diploma is better than life insurance.

The Pennsylvania State Normal School of Indiana, Pa.
Rouses Ambition—Trains Ambition
Builds Character, Efficiency, Self Reliance
\$200 covers all expenses, excepting books, for school year for those preparing to teach; others pay \$260.

41st Year Opens Sept. 14th, 1915
The Indiana Conservatory of Music is one of the best known schools of Music in America. The Indiana School of Business is noted for its modern, thorough course. These schools are connected with Indiana Normal. Write for new catalog—128 pages, illustrated. One of the most beautiful school books ever issued. Address the Principal, Dr. James E. Arment, Indiana, Pa.

A Dainty Gown OF TAFFETA

Made at home at little outlay of
money or labor

Taffeta wears easily into a costume of graceful lines, and the average woman will be surprised at the results of a little thought and perseverance.

Tan, brown, navy, Copenhagen and black make a color assortment from which one or more shades be selected for the individual requirements.

Developed in Taffeta this \$733
dress costs but.....

3 1-4 yards of Taffeta, 1 1-2 yards of white mull, pattern, thread, buttons and beading have been included and will complete the dress.

ACT QUICKLY

Delay Has Been Dangerous in Charleroi.

Do the right thing at the right time. Act quickly in time of danger.

In time of kidney danger Doan's Kidney Pills are most effective.

Plenty of Charleroi evidence of their worth.

Mrs. William Stopp, 214 Second St., Charleroi, Pa., says: "I had a lot of backache and was distressed by headaches and dizzy spells. My kidneys were weak and the kidney secretions caused me annoyance. I saw Doan's Kidney Pills advertised and got a box at Piper Bros. Drug Store. They gave me good results. Another of the family who was suffering from

backache, used Doan's Kidney Pills and was relieved." (Statement given November 5, 1909.)

Confirmed Testimony.
On January 29, 1914, Mrs. Stopp said: "I have nothing to retract from my former statement given a few years ago, recommending Doan's Kidney Pills. Doan's Kidney Pills never fail to give us relief when we take them."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Stopp had. Foster-Milburn Co.,

Head of Famous House and King of Finance is Badly Wounded by Supposed Burglar at Summer Home on Long Island.

J. P. Morgan, Jr., head of the famous Morgan house and one of the best known financiers in the world was shot this morning at his summer home at Glen Cove, Long Island, by a man said to be a burglar. He was not so seriously hurt but what he could help capture the housebreaker and his life is not in danger. At the stock exchanges, however, much excitement was caused when the report was circulated because of his intimate connection with so many big enterprises.

DANCING CONTEST CREATES INTEREST AT THE PALACE

The dancing contests conducted by the Dancing Oatmans, which are appearing at the Palace theatre, create great interest. John Fisher of Menongahela and a Miss Radcliffe were the winners of the first gold prizes. Carl Miksch and Helen Sampla were second and Nellie Lindauer and Ruth High received numerous plaudits for their work.

Claybaugh & Milliken's Cleanups
Sale on Sunnyside Footwear now going on. See windows. 16-11

spending some time at the home of his mother on Washington Avenue.

"Get in Step" Sale

This is not a "blow up" Sale, but our regular Oxford Sale a little earlier than usual—"to get in step" but with a small difference. That as usual we step straight and sell you our regular straight honest goods at straight honest cut prices. Nothing bought up for our sale; it is not a money-making scheme as so many sales are, but a special inducement to you to help us to clean up our Summer Stock.

All Oxfords reduced 1-4 to 1-2. See our windows.

THE LADIES' STORE
514-516 Fallowfield Ave.,
Charleroi, Pa.

Sound the cymbals for two kinds of independence joy!

Rip things right up the back on the Fourth! Because it's the nation's birthday, and because Prince Albert tobacco has set free men who yearned for the joys of jimmy pipe "packing" and real cigarette makin's—and who shied at tortured tongues and throats! Bang-away like it's freedom's frolic!

Kick-off the covers early. Let the orators pump patriotism into your spirit while you puff P. A. into your smokeappetite! And keep on puffing "P. A. forever" because it's the happiest, the truest tobacco you could wish to jam in a jimmy pipe or roll into a cigarette! The patented process fixes that! And removes the bite and parch! It'll be a regular celebration, via

PRINCE ALBERT

the national joy smoke

Open up a toppy red bag of P. A. (mighty handy for rollers) or a tidy red tin, like it was a package from home, then you'll know why men smoke Prince Albert and boom Prince Albert from one land's end to the other! Get that independence spirit on the tobacco question!

So, unlimber your jimmy pipes or makin's papers—and fire away! Because men Prince Albert will put new ideas of tobacco goodness into your system. Just write it down in your little diary. "Today I started smoking Prince Albert." This is the joy's time to become pals with P. A. and declare yourself for smoke happiness!

A nickel buys Prince Albert in the toppy red bag, 10c for the tidy red tin. P. A. is also sold in handsome pound and half-pound tin humidors—and in that classy pound crystal-glass humidor with the sponge-moistener top that keeps the tobacco at the high point of perfection—always!
